SO QB CHARLIE BREWER

On being disappointed to send the seniors out on a loss...

"Extremely disappointing. We played terrible on offense. Really, that was it."

On the fumbled snap...

"Just a miscue. Obviously something that can't happen."

On not getting in a rhythm offensively...

"Yeah that's what turnovers and penalties do. Just kills you."

On next week...

"Gotta move on now. It's a do or die situation so we've got to be ready."

SR OL PATRICK LAWRENCE

On playing his last game...

"It's really tough, heartbreaking honestly. Been here since, me and my class played the first game in McLane and just really would have been a storybook ending to go get it done against TCU, last game here, but it didn't work out. We've got to live with that and get ready for next week."

On TCU's defense up front...

"They've got a good defense, good defensive line. We didn't protect as well as we should have or could have. We'll watch the film and try to get better."

JR LB CLAY JOHNSTON

On the vibe in the locker room...

"I mean, we're all pretty down. Morale is kind of low in the locker room, but we've just got to stick together. We cannot have anybody fold. We still have an opportunity to hit a bowl game with a win against Tech. We do need to move on and correct the tape, but for sure everyone's very down. We wanted to get this one bad."

On overthinking the game...

"No, not at all. I feel like we were composed and calm. TCU capitalized, and we didn't at some points. Number one [Jalen Reagor] had two explosive plays that really were just the difference in the game against us, and so that's the stuff we have to correct, little stuff like that."

On closing the gap of being the "almost" team...

"I still feel like we're just a young team. I mean, we just have to continue to mature and develop guys and just grow when it comes to this game and just continue to trust the coaches and do our job."

On the continual regrouping at halftime...

"We came into this game wanting to focus on putting a whole game together, four quarters, because we are usually either a second half team or we come out play good in the first and second quarters, kind of vice-versa sometimes. We tried to come out and do it this week, but obviously we couldn't capitalize."
