

POSTGAME QUOTES - BAYLOR PLAYERS

Baylor 31, K-State 12 | October 5, 2019

TYQUAN THORNTON, SOPHOMORE WIDE RECEIVER

On the win...

"It was big for us. The emphasis in this game, just knowing that we were coming into a hostile environment, we just needed to be all about us and play our game, Baylor football, and come out with a win."

On his touchdown...

"It was big for us, we knew they couldn't handle the tempo so we had to catch them on their heels and I gave the DB a double move and it was a great throw by Charlie (Brewer)."

BRAVVION ROY, SENIOR DEFENSIVE LINEMAN

On the difference for this defensive line...

"The experience and the amount of trust we have in each other. I mean we just have a brotherhood like no other. We're just closer than I've ever been with a D-Line since I've been here."

On the six sacks...

"It's big. We still had some mess ups that we need to fix. It can be even more. We didn't play to our full potential, and people look at that as a good thing. We know what we can put on tape so we just have to get that ready for next week."
