CHARLIE BREWER, QB

On starting 1-0 in conference...

"It's huge. When conference starts, it's like a new season. To start off 1-0 is a huge thing. Now it's on to the next week."

On working with younger receivers...

"Those two [Tyquan Thornton and Josh Fleeks] can flat out fly. Probably two of the fastest guys on our team. We got them in space a little bit today and y'all got to see what I've seen in summer and fall camp."

On Nick Florence speaking to the team Friday night...

"He's an awesome guy that I definitely look up to and is there when I need to talk to him. He's been a huge help for me. He had a bunch of success here at Baylor and anytime someone like him can speak to us, I think it's good for us to learn from what he had to say."

GREG ROBERTS, RUSH

On if making tackles for loss can be contagious...

"Yeah we knew coming into the game that #1 [RB Pooka Williams] was the heart and soul of their offense, so it was a big emphasis in practice to really get after him. We've obviously known that our run defense hasn't been what we wanted so it's all been a big emphasis this week. I feel like we took a step forward this week."

On turning the corner defensively with big plays...

"I feel like it's easy to build confidence off plays like that. For our young guys who aren't familiar with playing under the big lights and playing on Saturdays, for them to get those kinds of tackles and sacks, like JT [Woods] had an amazing game. Really glad for those guys to get some confidence under their belts and really glad for the team."

On if it was scheme or effort that made a difference...

"Same scheme, I think we've just been working hard at it. The challenge every week is just to get better at what you do and so that's what we're doing. I feel like today we proved that we're a little bit better than last week."

JOSH FLEKS, WR

On his performance in the game...

"It was great, it was good feeling but I really couldn't do it without Charlie and O Line."

On bouncing back in first half after difficult start vs. Duke...

"That was a big part of it. We just didn't want to feel like that again."

On Nick Florence speaking to the team Friday night...

"It meant a lot. It really got me ready for this game."

On the performance in practice this week leading to playing time...

"I feel like I did practice a little bit better than I usually do, so I felt like I actually had a better chance to play well this week."

On how the freshmen help each other prepare...

"We just talk to each other and let each other know that we'll be good. We're freshmen—we gotta stay down until we come up."

CHRIS PLATT, WR

On seeing the younger WR progressing...

"Awesome. We stay on them. I know it's hard for them at first but now they understand the reasons why. They went out there and played, they really did. Props to them."

On the importance of starting conference 1-0...

"It's very important because all these teams are really good. I've been here a while and Kansas is a better team than I've seen before."

On the difference in first half performance from last week...

"We came back after the Duke game and we figured out what the problem was and made sure it wouldn't be a problem again. Second quarter was probably our worst quarter last week so we put a big emphasis on improving that this week and today went out there and dominated."
