### **JEREMIAH BOOKER, WR**

*On the touchdown catch...*

"Peyton threw a perfect pass and I just had to make the play. He caught it, saw the mismatch and he just threw an excellent pass."

*On the offense's performance...*

"We just had to focus and execute better. We left a lot of plays on the field. We wish we could have it back, but we'll just watch film, break it down, and see if we can do it better next week."

### **JOE DINEEN, LB**

*On what made Baylor QB Charlie Brewer so effective in the first half...*

"You know he's obviously a really good quarterback, but he can run and he can throw. That's something that, I mean we are going to see a lot of that in the Big 12, and we got a little bit of a taste of it. He's a lot faster than he looks on film. He really can run, and I mean he hurt us today."

*On improvements from the first half to the second...*

"Well obviously in the first half, that quarterback run game hurt us a lot, kind of all over. We knew they were a passing team, they could throw the ball around, so when we were in coverage, the DB's did a good job of holding on to their guys, but us linebackers let them get out and run away from us and that can't happen. But you know we came into the second half and Coach Bowen made some adjustments, we started calling some different stunts up front trying to keep them in the pocket. I'm happy with how we only let up three points in the second half."

*On the punt fumble being a missed opportunity...*

"I wouldn't say it felt like that. Obviously anytime the ball is on the ground we want to get it, but that was a good play by our special teams to get down there and pin them back, and I'm not really sure if they kneeed that drive or something like that, but yeah that was the end of it. Obviously it would have been nice to get some points out of that, but that's just kind of the way the game goes. You can't really pinpoint something like that and say if it would have gone that way then this would have happened, but obviously it's something we would have liked to have happened."

*On if it was a step up in competition from non-conference...*

"Always. I think so. Obviously they are a well-coached team and have talent all over the field. They are a solid Big 12 team. We didn't play our best today, but you have got to give them a lot of credit because they really came out and they knew what we were trying to do to them, and they played well."

*On the attitude of the team...*

"I mean obviously it's something we keep fighting for, so it's something we'll just go back to the drawing board, we take one game at a time. So we are looking forward to Oklahoma State, we are going to get ready for them. We are obviously going to make corrections on what we did today, but we're looking forward and getting ready for Oklahoma State."
