

South Regional Garage

Parking Instructions/Restrictions:

If parking attendant is **NOT** present.

- 1) Pull a parking ticket from machine and take to Gate D credential table.
- 2) You will receive a blue "chaser" ticket from the parking info desk. You will need the entrance ticket you pulled to get into the garage, AND the blue ticket to exit the garage. When you arrive at the exit machine, place the entrance ticket into the machine first and it will tell you an amount owed. Then place the blue chaser ticket into the machine and the equipment will allow you out without charge. If for any reason you are not allowed out without charge, please press the help button on the machine to be connected to the city Parking Department.

If parking attendant is present.

- 1) Give this pass to the attendant who will allow access to parking garage.
- 2) Save the parking ticket given to you from the attendant, as this will allow you out of the garage when you are ready to exit. You will not need a chaser ticket to exit since the attendant received the pass and validated the ticket. If for any reason the machine does not allow you out with this ticket, please press the help button on the machine to be connected to the city Parking Department.
