

BAYLOR HEAD COACH KIM MULKEY

On having a different defensive scheme...

"I don't know that it's much different, just different personnel. Same philosophy, pressure the ball, help side defense. There were times in the second half that we were not very good defensively. We didn't help a teammate on drives and things like that. But, considering we were just coming off of a ring ceremony. Was a little out of rhythm. We didn't go into the locker room and do our normal routine, but I thought we did fine."

On the ring ceremony being a distraction...

"It can, it could be. Whoever was in charge, I'm sure there were many people that were in charge of that ring ceremony, that was as good as it gets. The video was awesome and we had our head regent here, Jerry Clements, presenting rings alongside Mack Rhoades. I thank them for being here to do that. The fans had to get here early to see that. Everything about the night was good."

BAYLOR SENIOR FORWARD LAUREN COX

On transitioning from the ceremony to the game...

"It was a little difficult. Like coach said, we weren't in our normal routine. We usually shoot, go into the locker room, come back out, go into the locker room and come back out. We had a shorter warm up today so I think that affected us a little bit."

On trying to shut out New Hampshire in the first half...

"We're just playing defense out there. If that would've happened, it would've happened. We're just out there playing hard."

BAYLOR SOPHOMORE FORWARD NALYSSA SMITH

On starting the game with a steal and a fast break layup...

"It felt good. Got my momentum going seeing the ball go into the basket. It felt great."

On playing fast...

"I love to run the floor, that's where I get a lot of my points from. I just sprint down the floor because I know my guards are going to get it to me."
