TEAM NOTES

SETTING THE BAR

Baylor has outscored their opponents by an average of 20.25 points in their first three meets of the 2020 season.

JUST WIN, BABY

Baylor head coach Felecia Mulkey has won all nine NCATA National Championships since the sport's first postseason tournament in the 2011 season. Mulkey won four titles while coaching at Oregon from 2009-2014, and has won the last five as head coach of the Bears from 2015-2019.

MORE W'S, PLEASE

Mulkey is currently 56-1 during her stint as head coach of the Bears. Her only loss came in 2017 to her former school, Oregon.

GOING STREAKING

The Bears have won 34 consecutive meets dating back to February 25, 2017, when they last lost to Oregon 285.025 to 277.900 in Eugene, Ore.

YOU SHOULD SEE THEM IN A CROWN

In 2019, Baylor had multiple athletes including senior top Ashley Echelberger as NCATA Most Outstanding Athlete, junior top Joie Hensley as NCATA Specialist of the Year, and four NCATA All-Americans in senior top/ base Kaylee Adams, senior top Hope Bravo, senior base Ceara Gray and Echelberger.

BACK TO BACK TO BACK TO BACK

Baylor has won five consecutive NCATA national championships, all under head coach Felecia Mulkey. From 2015 to 2019, the Bears have dominated the sport, going 56-1 while picking up the five titles.

REACHING NEW HEIGHTS

In their March 26, 2019 meet vs. Converse, the Bears set a program record with a 58.875 score in the tumbling event.

ON AND OFF THE MAT

Baylor landed 18 student-athletes on the 2019 NCATA Academic Honor Roll.

PROGRAM HISTORY

First Season:	2011
All-Time Record:	64-22
All-Time NCATA Championships Record:	17-4
NCATA Appearances:	9 (2011-19)
NCATA Titles:	4 (2015-18)
NCATA Individual Event Titles	28
All-American Honors:	19

THE EVENTS

COMPULSORY - Each team competes identical pre-determined set of skills with a pre-determined starting value of 10.0. There are four heats that include acro, pyramid, toss and tumbling. Each heat can score up to a perfect 10, with the total combined event score of 40 points.

ACRO - In the acro event, teams compete in three different heats of 5, 6, and 7 element acro skills. In the acro event, teams of typically 2-4 athletes will compete acrobatic movements demonstrating great strength, balance, technique and core from both the bases and tops. Each heat may score up to a perfect 10 with a total combined score in this event up to 30 points.

PYRAMID - In this event, teams compete in three individual heats of pyramids valued at up to 10 points per heat for a maximum of 30 points for the event. Teams want to use as few athletes as possible to create the most unique and difficult pyramid. Each heat has a different requirement: inverted top, synchronized and open.

TOSS - The toss event is a high-flying event with four athletes tossing a fifth athlete (top) high in the air, while completing flipping and/or twisting forward or backward. Two of the three heats are solo tosses while one heat is a synchronized toss. Each of the three toss heats may score up to 10 points each for a total maximum score for the event of up to 30 points.

TUMBLING - The tumbling event shows the sheer power of each team. Six heats construct the Tumbling Event with 10 points each for a maximum of 60 points for the event. Athletes may compete in both the synchronized portion and in one solo pass. In this event, tumbling combinations will feature difficulty, multiple flips, and twists in various passes with athletes tumbling both forward and backward.

TEAM - In this event, athletes perform synchronized choreographed skills in a 2 1/2 minute routine set to music. Each team competes up to 24 athletes. Routines are composed to showcase all skill sets that have been competed in the previous five events. This event has a maximum of 110 points, making it extremely crucial to the outcome of the meet.

THE SCORES

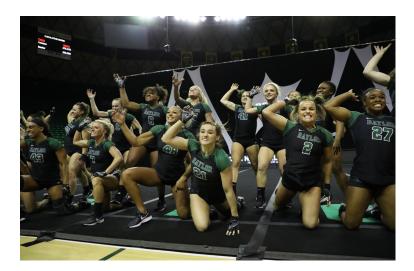

- The Bears are averaging a 37.63 score in the compulsory event in the 2020 season.
- Three heats of five total athletes (2-4 performing, one counter) make up the acro event. The Bears average a 28.93 in acro in the 2020 season.
- Baylor averages a score of 29.01 total in the pyramid in the 2020 season.
- The Bears average a 27.76 total in the toss event in the 2020 season.
- BU averages a 56.05 in the tumbling event in the 2020 season.
- In the team event, the Bears average a 95.17 total in the 2020 season.
- Baylor's starting value for the team event has increased over the duration of the season. Most recently, the Bears performed a team routine with an SV of 107.43 against Oregon (February 23rd).

COACHING STAFF

FELECIA MULKEY

HEAD COACH | SXITH SEASON KENNESAW STATE, 1997 **KELSEY ROWELL**

ASSISTANT COACH | THIRD SEASON OREGON, 2012

Baylor acrobatics & tumbling head coach Felecia Mulkey has completely changed the program since arriving in Waco in June of 2014. Entering her fifth season in 2019, she has led the Bears to four-straight National Collegiate Acrobatics & Tumbling Association (NCATA) championships with a 41-1 four-year record and has tutored 13 NCATA All-Americans in her four seasons. Mulkey has won all eight NCATA titles in the sport's history. Baylor is 12-0 in NCATA National Championships under Mulkey

In 2018, the Bears went 11-0, the third undefeated season in four years en route to winning the program's fourth-straight NCATA title. Mulkey was named NCATA Coach fo the Year for the second time in her career. The 11 wins are a program record. The Bears defeated Quinnipiac, 283.360-274.650, while winning all six events. Ceara Gray earned Most Outstanding Player and Kaylee Adams Specialist of the Year. Gray, Adams and Lauren Sturm earned All-America honors.

In 2017, Mulkey's squad went 9-1 and finished the season with eight straight wins to secure the program's third straight NCATA national title. When it was all said and done, the Bears had three NCATA All-Americans (Kiara Nowlin (NCATA Most Outstanding Player), Kaelyn Cowan and Lauren Sturm) for the second consecutive year and third time since 2013, five NCATA individual event titles, 15 Academic All-Big 12 At-Large honorees and a program-record four NCATA Player of the Week awards.

During the 2016 season, Mulkey led Baylor to a second straight perfect record (10-0) en route to claiming the 2016 NCATA national championship. Along the way, Kiara Nowlin, Shayla Moore and Kaelyn Cowan earned NCATA All-American honors.

After guiding the Oregon Ducks to four consecutive NCATA national championships in five years, Mulkey, in her first season as Baylor's head coach, guided the Bears to the program's first NCATA national championship, defeating the defending champion Oregon Ducks three times en route to the crown. The Bears posted a program-best 11-0 record. Sophomore Kiara Nowlin, freshman Shayla Moore and senior Keegan Johnson received 2015 NCATA All-America honors and the Bears claimed eight event titles. In addition, Nowlin was named the 2015 NCATA Most Outstanding Player and Moore earned Freshman of the Year recognition.

In her eight seasons as a head coach, Mulkey, a native of Atlanta, Ga., has an overall record of 73-4 while winning seven national titles, 48 event titles, coached 20 student-athletes to All-America honors with four earning athlete of the year awards.

Off the mat, Mulkey works tirelessly in growing the sport of acrobatics and tumbling. She continues to play a key role in the progression of acrobatics & tumbling's effort to gain NCAA sport status. Prior to the 2010-11 season, Mulkey was a catalyst in developing the scoring format that is currently in practice in acrobatics and tumbling meets.

Prior to her stint at Oregon, Mulkey built the Kennesaw State competitive cheer program into a national powerhouse. The Owls finished fourth in the 2008 All-Women's Division I Collegiate Championships after capturing national titles in 2004 and 2005.

Mulkey, a 1998 Kennesaw State health and exercise science graduate, oversaw the development of a program that finished no worse than third nationally from 2001 through 2007. Her success resulted in the program ascending to the Division I level in 2006.

Prior to transferring and taking over the head coaching reins at the Kennesaw, Ga., school in May 1997, Mulkey cheered for two years at Southern Union State (Wadley, Ala.), and led the Bison to an eighth-place national finish in 1995.

In addition to directing the Owls' spirit and competitive programs, Mulkey served as the school's sports operations director from 2007-2008 as well as the sports marketing and promotions director from 2000-06. After spending two seasons as an assistant coach at Oregon and the 2016 season as a volunteer assistant at Baylor, former Oregon All-American Kelsey Rowell is in her third season as an assistant coach of the Baylor acrobatics and tumbling team.

"I am delighted to have Kelsey join our Baylor staff," said Mulkey. "She knows the girls and the program and will be a fantastic asset to Baylor. She brings a wealth of knowledge and experience and will be invaluable to our program."

"I am beyond excited and grateful to officially be a Baylor Bear. The support from the school and administration is absolutely amazing here at Baylor. I am eager for fall to arrive to get to work on another championship season with the best team in the country," said Rowell.

In her second season as an assistant coach, Rowell helped the program win its fourth-straight NCATA title (second under her tenure). The Bears won six NCATA individual event titles and she coached three NCATA All-Americans, including the Most Outstanding Athlete (Ceara Gray) and Specialist of the Year Kaylee Adams.

In her first season as assistant coach, Rowell played a large role in guiding Baylor to its third straight NCATA national title and five NCATA individual event titles. She also helped coach three NCATA All-Americans.

Rowell, in her role as a volunteer assistant with the Bears, helped lead Baylor to the 2016 NCATA national championship, the program's second straight crown.

Rowell, a member of the Oregon acrobatics and tumbling team from 2009-2012 while coach Mulkey was the Ducks' coach, helped lead Oregon to the 2011 and 2012 NCATA National Championships. She earned several individual tumbling event national titles and was honored as an NCATA All-American as a senior.

Rowell (rhymes with towel), an Oregon native, has 12 years of all-around experience in gymnastics, competing nationally in Oregon, California and Texas before joining the Oregon squad 2009. Prior to competing collegiately, she was a 2001 Level IX Western National Qualifier and a Level 10 National Qualifier in 2002 and 2003. She garnered regional championship titles on floor, beam and vault.

After graduating from Oregon in 2012 with a degree in sociology and prior to entering the coaching ranks, Rowell worked at Vircon Inc., in Portland, Ore., as a consultant relations manager in the human resources department.

COACHING STAFF

KAELYN COWAN

ASSISTANT COACH | FIRST SEASON BAYLOR 2017 TREASURE FIELDS

DIRECTOR OF OPERATIONS FIRST SEASON

Cowan, a 2017 graduate of Baylor, enters her first season with the Bears as an assistant coach after spending the last two years as the first head acrobatics and tumbling coach at Limestone College, helping the Saints to a 6-2 record in their first season of competition in 2019.

Cowan took over at Limestone College after spending time as an assistant acrobatics & tumbling coach at West Virginia Wesleyan College in Buckhannon, W. Va. During her short stint with the Bobcats, she helped with recruiting, fundraising, the organization of clinics, and was in charge of coaching the tumblers.

Prior to her time at West Virginia Wesleyan, the Hewitt, Texas native spent four years with Baylor University where she earned consecutive National Collegiate Acrobatics & Tumbling Association (NCATA) All-American honors in 2016 and 2017.

She helped lead the Baylor Bears to back-to-back-to-back NCATA National Championships from 2015-17. Cowan, a Baylor University Scholar Athlete, was a four-time First-Team Academic All-Big 12 honoree, and was named to the Big 12 Commissioner's Honor Roll and to the Dean's List.

Along with her acrobatics & tumbling experience, Cowan was a competitive team coach at Zero Gravity Gymnastics Academy in Waco, Texas and is currently a USA Women's Gymnastics Level 1-9 judge.

Cowan obtained her bachelor's degree in Corporate Communication from Baylor in May 2017 and is currently working towards a Masters of Communication Studies from West Virginia University.

MEET STRUCTURE AND TEAM PARTICIPATION

Two to four teams compete at a meet. The typical duration is roughly two hours. A meet is made up of six events: Compulsory, Acro, Pyramid, Tosses, Tumbling and Team Event. A halftime intermision will take place between Pyramid and Toss.

All event competition is in team rotation throughout each event. The rotation order is predetermined by the Head Official prior to the beginning of the meet, but the home team always performs last.

SCORING

Scoring is based upon pre-determined difficulty start values. Each skill performed is valued by the Officials of the NCATA prior to the meet. Teams submit their skill sequences 72 hours prior to the meet. Officials perform two primary functions at the meet:

 Monitor the skills being performed to ensure that each element is correctly performed to equate to the posted start difficulty value.
 Evaluate the execution and technique of the skills performed. Scores are posted immediately following the conclusion of the event and overall standings are displayed throughout the meet. The highest combined score after all events wins the meet. The maximum score in each meet is 300 points.

EVENT 1: COMPULSORY (40 POSSIBLE POINTS)

Four heats construct the Compulsory Event: acro, pyramid, toss, and tumbling. During each heat the teams perform the exact same skills, allowing the officials to compare the technique and execution of each team. No athlete crossover rules apply from the Compulsory to other events.

Acro Heat (10 possible points)

One preset sequence performed by two synchronized groups from each team.

- Straight up heel stretch
- Power press (hold stretch on way down, flyer changes position on the way up)
- Arabesque
- 270 degree front flip cradle dismount (flyers feet to side)
- Unassisted Rewind to Sponge
- Dip to heel stretch
- 720 degree twist cradle dismount

Pyramid Heat (10 possible points)

- One preset pyramid performed by one group from each team.
 - All feet start on the floor
 - 4-2-1. Two shoulder level stunts as second level support (two bases, back, flyer) built before toss up
 - Basket up from back (three bases tossing, one flyer)
 - Three catchers in front
 - 270 degree flip off of the front
 - Second level dismounts at the same time as the top flyer, to below shoulder level

Toss Heat (10 Points)

One preset basket toss performed by two synchronized groups from each team.

- Two synchronized back tuck tosses
- Four bases tossing, one flyer, two groups

Tumbling Heat (10 Points)

Four preset skills performed by eight athletes from each team.

No changing athletes between compulsory skills

• Athletes must be positioned in windows

- Skills must be performed in the following order:
 - a. Standing tuck (to front);
 - b. Toe-touch tuck (to front);
 - c. Handspring tuck (to front);
 - d. Round-off handspring layout from left to right in two lines.

EVENT 2: ACRO EVENT (30 POSSIBLE POINTS)

Three heats construct the Acro Event where each team sends a maximum of four athletes to compete an acro sequence to counts in a maximum of 45 seconds. Athletes may compete in two heats, however no more than two athletes may crossover together from one heat to another. Timing begins with the first movement. Exceeding the 45 seconds will result in a time deduction. In each heat, teams must attempt all required number of elements in addition to the required skill. The required skill counts as an element.

- Heat 1: Required 360 degree flipping skill, five elements (10 pts)
- Heat 2: Required twisting skill, six elements (10 pts)
- Heat 3: Required release skill, seven elements (10 pts)

EVENT 3: PYRAMID EVENT (30 POSSIBLE POINTS)

Three heats construct the Pyramid Event. Each team sends a maximum of 24 athletes and there is no crossover rule. Timing begins with the first movement. Exceeding 30 seconds will result in a time deduction. In each heat, teams must attempt the required skill while changing the top position or pyramid structure from heat to heat.

- Heat 1: Inversion (10 pts)
 - a. Inverted Top position with a minimum of 90-degree twist
- Heat 2: Synchronized (10 pts)
 - a. Must have two identical pyramids
 - b. May not compete compulsory pyramid

c. Must have at least two drop down changes from compulosry pyramid and Heat 1

Heat 3: Open (10 pts) a. Any pyramid may be competed as long as it contains at least two drop down changes from heats 1 and 2

EVENT 4: TOSS EVENT (30 POSSIBLE POINTS)

Three heats construct the Toss Event. Each heat has required elements. A maximum of four athletes must toss a single top. Athletes may crossover and compete in two heats, one of which must be the synchronized toss.

- Heat 1: Salto (10 pts)
 a. One group
 - b. Required Salto minimum 450-degree rotation
 - Heat 2: Synchronized (10 pts)
 a. Two groups must perform the same toss
 b. Open skill, identical and synchronized
 - Heat 3: Open (10 pts)
 - a. One group
 - b. Open skill

EVENT 5: TUMBLING EVENT (60 POSSIBLE POINTS)

Six heats construct the Tumbling Event. Athletes may compete in both the synchronized portion and in one single pass, but tumble a maximum of two times.

- Duo (10 pts): Two athletes perform synchronized identical pass
- Trio (10 pts): Three athletes perform synchronized identical pass
- Quad (10 pts): Four athletes perform synchronized identical pass
- Aerial (10 pts): One athlete performs a minimum of two
 aerial/salto elements
- 6 Element (10 pts): One athlete performs exactly six elements
- Open (10 pts): One athlete performs open pass, no requirements

EVENT 6: TEAM EVENT (110 POSSIBLE POINTS)

One heat constructs the Team Event. Athletes perform synchronized choreographed skills set to music in a maximum of 2 minutes and 45 seconds using a minimum of 18 athletes and a maximum of 24 athletes combining required and optional skills. The required skills include:

- 30 acro elements (20 pts)
- 5 Tosses (20 pts)
- Four pyramids (2.5 high) (20 pts)
- One Jump/Standing Tumbling Pass per number of athletes on the mat (20 pts)
- One Running Tumbling Pass per number of athletes on the mat (20 pts)
- Additional scored categories:
- a. Routine construction (5 pts)

b. Dance/Composition/Artistry - 50 percent of the team must perform two, eight counts
